

The St Thomas More Pupil Premium Strategy 2017-2018

The Pupil Premium, which is additional school funding, was introduced in April 2011. The Government believes that the Pupil Premium is the best way to address the current underlying national inequalities between children eligible for free school meals (FSM) and other pupils. The literacy and numeracy catch-up premium gives schools additional funding to support year 7 pupils who did not meet the minimum expectations reading or maths at the end of key stage 2.

STM Mission statement: 'committed to develop fully all of its members'

At St Thomas More we are determined to ensure that every child, regardless of background, is given an education which allows them to reach their potential.

Over the last three years the gap between Disadvantaged and Non- Disadvantaged pupils in St Thomas More has continued to close. In 2017 Disadvantaged pupils in St Thomas More made progress in line with all pupils nationally.

In over the period 2011-2014 we were in the top 20 schools in the North West for the percentage of pupil premium pupils achieving 5+A*-C grades including English and Maths. We plan to build on our successes in helping all our pupils to achieve their potential by further increasing the focus on the attainment of disadvantaged pupils.

The Pupil Premium funding will be used to support this plan. In particular, we want to increase attainment of disadvantaged pupils and therefore narrow the gap between this group and non-disadvantaged pupils.

At St Thomas More we combine a clear understanding of the needs of our pupils along with a knowledge of current research to allocate the spending of the Pupil premium grant. Research sources applied to our strategies include the Sutton Trust report 'Subject to Background' and the Education Endowment Foundation 'Teaching and Learning Toolkit'.

Pupil premium context 2017-18

Identified barriers to learning for our disadvantaged pupils:

- 1. Attendance
- 2. Academic engagement
- 3. Effective completion of homework
- 4. Equipment
- 5. Organisation
- 6. Mathematics/ English Literacy / numeracy levels
- 7. Emotional / mental health issues
- 8. Nutrition
- 9. Aspiration

Estimated numbers and funding:

2017-18 numbers

We estimate that we will have 194 pupils attracting the Pupil premium grant in the current academic year.

Estimated funding:

Pupil premium total: £193 935

Planned allocation of Pupil Premium funds

College	College wide strategies: £103 000

2	English and maths specialist support	Intervention to support progress when identified	Support progress in key subject areas	Tracking each term	
2,3,4,7	Support	Specific equipment, placement and counselling support Liaising with parents, carers and external organisations	Facilitating transition between KS2 and 3 and between KS4 and beyond Facilitating strong relationship with school Early identification of emerging barriers	Tracking reports Transition records	

Grand total planned expenditure for pupils attracting the PP grant	£199 000

Review of the Pupil premium strategy takes place each term.

At the end of the academic year the entire strategy is reviewed and re-drafted for the year ahead.

The date for the next review of the Pupil Premium strategy is June 2018.
