

St Thomas More RC College Curriculum Topic Overview commencing September 2020

Chemistry Year 11 triple science

Week	Week beginning	Autumn
1		
2		
3		
4	21/9/20	Factors affecting rate of reaction and required practical
5	28/9/20	Factors affecting rates of reaction and catalysts
6	5/10/20	Reversible reactions and equilibrium
7	12/10/20	Factors affecting equilibrium
8	19/10/20	Rate and extent of chemical change review
9	2/11/20	Crude oil, fractional distillation and alkanes
10	9/11/20	Combustion, cracking and alkenes
11	16/11/20	Structure and reactions of alkenes
12	23/11/20	Alcohols and carboxylic acids
13	30/11/20	Addition and condensation polymerisation
14	7/12/20	Natural polymers
15	14/12/20	Organic chemistry review
